

FUELS

1. All diesel tractors must operate on Stern Oil Co. diesel fuel. No alcohol or performance type additives allowed in any injection systems will be allowed in diesel tractors.
2. Gas tractors must be fueled with gasoline only. Alcohol may only be used as a coolant under low pressure.
3. No oxygen, ether, propane, nitrous oxide, alcohol, or chemical based fuels can be used.
4. 6100 lb. Super Stock is allowed alcohol.
5. All ECMTPA classes, with the exception of Alcohol Super Stock, must run fuel and water purchased by ECMTPA from Stern Oil Co.
6. Fuel valve must be plumbed closest to the injection pump. The water valve must be plumbed closest to the water activating valve. Any tractor that is not plumbed for fuel and/or water test will be fined \$30 for the first violation. Any subsequent violation will result in the tractor, driver, and owner being banished from all ECMTPA events for a year and a day from the date violation.

TIRES

1. Contest is limited to rubber-tired tractors only. No tire chains, dual, tracks, or four-wheel drives allowed. Cut or sharpened tires will be allowed in all classes.
2. In all Pro Field Classes, the tire size is 23.1" x 34" or 20.8" x 38". Pro Field tractors may run radial tires.
3. Maximum tire size allowed for competition in all Super Farm and Limited Pro Stock classes is 24.5" x 32" with a maximum of 210 inch circumference, when inflated to 10 psi. Tread width not to exceed 25 inches.
4. Maximum tire size allowed for competition in the Super Stock class is 30.5" x 32" with a maximum of 210-inch circumference, when inflated to 10 psi. Tread width not to exceed 32 inches.
5. No radial tires allowed in any class except the Pro Field classes.
6. New tires and/or tire sizes other than the above must have the ECMTPA Executive Board approval before being used.
